

BuyAccessible Wizard is a web-based tool that supports a structured process for:

- **Determining Applicability:**
 - Does Section 508 apply to the acquisition?
 - Which provisions of Section 508 apply?
- **Finding Section 508 conforming products and services**
- **Documenting market research results**
- **Documenting appropriate exceptions**

NEW

The BuyAccessible Wizard allows agencies to have registered users who can save and share Section 508 procurement documentation within their agency.

The BuyAccessible Wizard is sponsored by GSA and recommended by OMB

Solutions for Successful Section 508 Compliance Include

- **An effective, repeatable process for appropriate Section 508 consideration**
- **Concise, consistent, and efficient audit trails that document decisions**
- **An agency Policy requiring use of this process and Wizard documentation for all acquisitions**

BuyAccessible Wizard makes all of this possible.

BuyAccessible Wizard Features

The Wizard Supports Diverse Acquisition Types to Meet Your Program Needs

EIT Product Acquisitions

- Determine provisions of the **Section 508** standard applicable to program
- Do market research to assess commercial availability of products with accessible features to meet program needs

EIT Product Micro-purchases

Differs from larger purchases because:

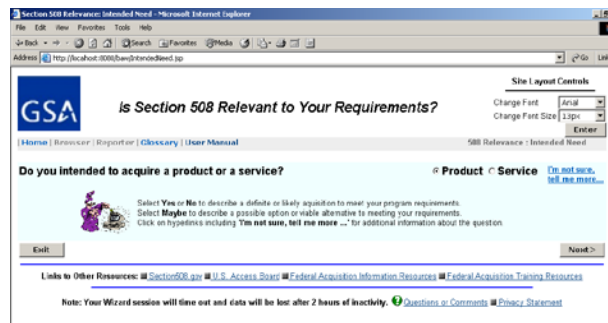

- Simplified acquisition process as defined in Federal Acquisition Regulations
- Streamlined processes for defining program needs and determining applicability of Section 508 provisions
- Simplified market research process for product-level accessibility information

EIT-Related Service Acquisitions

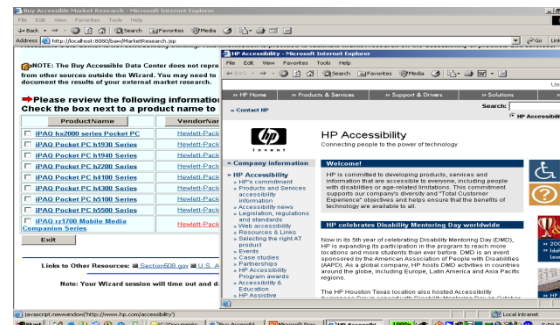

- Determine applicable provisions of the Section 508 standard based on:
 - Types of services to be provided
 - Types of deliverables expected
- Conduct market research of service providers commitment to accessibility, processes used to ensure accessibility and past history

What is the BuyAccessible Wizard?
